

The Wildings Freedom of Information

Statement of intent

As an educational provider, The Wildings has an obligation to publish a freedom of information statement, outlining how we will meet our duties under the Freedom of Information Act 2000 and associated regulations. The development and effective implementation of our Freedom of Information policy fulfils that requirement.

More specifically, this policy outlines our school's policy and procedures for:

- The release and publication of private data and public records.
- Providing applicants with advice and assistance throughout the duration of their requests.

It also clarifies our position regarding the appropriate limit to the costs incurred by the school in obtaining any requested information, and on charging fees for its provision.

The named individual to assist applicants with their requests is:

Melody Bond
